## BURGER RUN AND BAR-B-Q!

Wow, what a good time we had on Saturday, January 10, at the Burger Run Car Show in Vista. It was well worth the drive and might need to become an annual event for us to at-

tend. I heard the day's total for cars attending was 497.

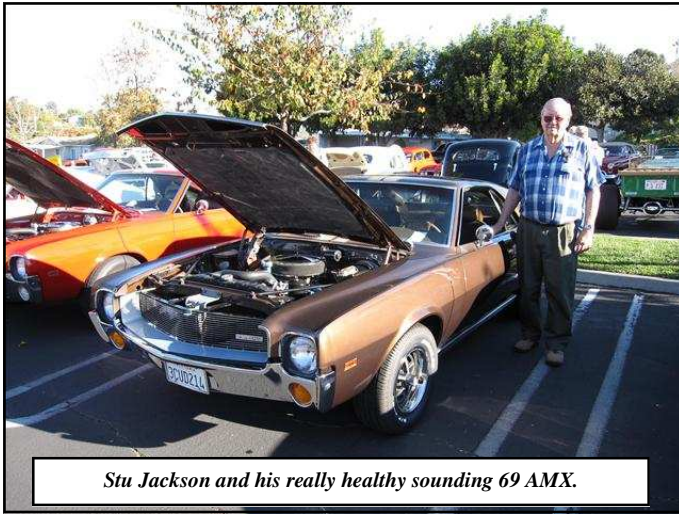

Bob Martinez got the head start on all of us by spending the night in Mission Viejo where my-

self, Dave Chick, and John Caley arrived early to join up with Bob and drive to Vista together in a convoy. Close to Vista we were joined by SoCalAMX new comers Randy Kirby 70 AMX, Stu Jackson 69 AMX and Chuck Braddy 70

had all 10 cars lined up in a row. I haven't seen as many Big Bad Color cars at once in a while, other then let's say an AMO National Show. We missed Hobie Kaptan and his 69

The show's promoters did an outstanding job of making custom trophies for every class. They were much coveted by those who won them. In addition to our Javelins and AMXs there was a Nash Metropolitan, a Hudson, and

After the show we headed over to Tom Du-laney's house for a bar-b-q. I'll bet Tom hasn't seen that many AMCs at his house ever, and

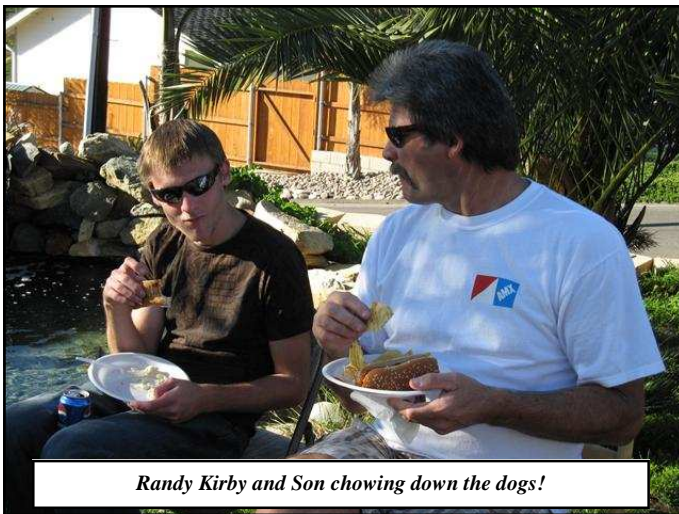

he has had a few over the years. We were able to look his flock of cars over, including the original AMX/3 #0 body. After that a nice and simple traditional bar-b-q of hamburgers and bratwurst type dogs was hungrily gobbled up by all within a nose whiff of the smell. The day

couldn't end, without of course, more pictures of the AMC's in Tom Dulaney's yard. All in all it was another great AMC day. Needless to say, we'll be back next year for more of the 2010 Burger Run car Show in Vista.

# HAD A GREAT TIME

I had a great time, thanks for the company! We had 7 AMX's, 2 Jav's, & a nice Ambassador wagon. There was another Jav for sale at the show, but I never saw the owner.

There was between 400 to 500 cars at this show! SWEET! We were able to line up together & a lot of comments were heard about our cars. We went to Tom's for a bar-b-Q right after the show. It was a beautiful day too!

Day two, Mark, John & I went the Cable Air Show/Car Show. There were 78 cars, small, but we got to drive up by the runway & have our cars individually acknowledged as we passed the crowd! COOL!

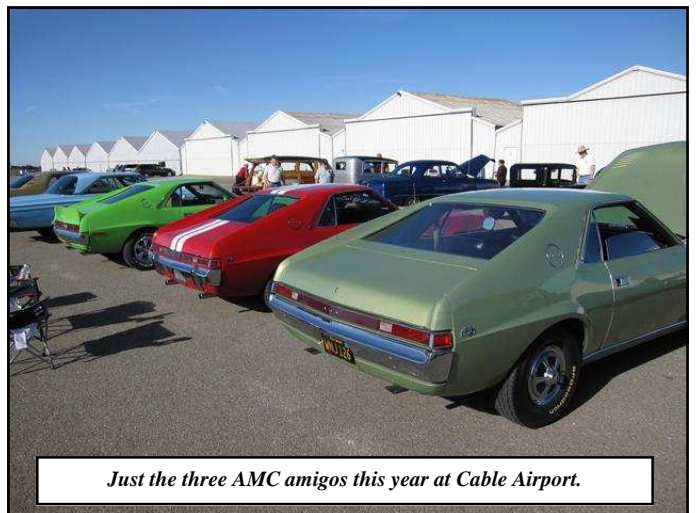

A great weekend, I hope to Cruz' with more of you in the near future! There are a lot of shows between L.A. & San Diego, & I plan on going to more than a few before May 30th!

## Cable Airport Car Show 2009

The day after the Burger Run I was joined by John Caley and Randy Kirby at Cable Airport for their annual Air Show/Car Show. There

were maybe up to around 100 cars total. We

walked around and checked out the booths for their wares. John talked to some of the military

guys, and we all watched a nice demonstration of radio controlled aircraft. One of the planes had a miniature turbine engine, just like the big jets.

Just before leaving they had the daily "Parade of Cars" where we drove directly in front of the crowd, only inches away from our cars it

seemed, as the MC talked over the public address system about our cars. I'll have to say, Randy Kirby's BBG 70 AMX really stands out well in the bright sunlight. It's a real show stopper!

# Future Events?

February traditionally is the rainiest month of the year for Southern California and nothing got planned for us to go to. Here are some of the things looking forward.

First off on the horizon is the Temecula Run 2009 on March 13 & 14. It's a large show and John and Shelly Siciliano (1969 AMX) who live in Temecula have been trying for several years to get some other AMC'ers to join them in their neighborhood. Already Randy Kirby says he is going and I plan on making the trip too. The event is a two day affair. Friday is a cruise through town, and Saturday is the main car show. There's a flyer here in the newsletter, or you can go to [socalamx.net](http://socalamx.net) and click on "Calendar" and use a link there to download a copy.

Also close up on the horizon is a road trip to the Phoenix area for the Cactus Cruisers Cactus Classic VIII AMC car show on April 4. From the San Gabriel Valley it will be a 6 hour drive for me to get there, but after driving 21 hours to Denver two years ago for the AMO National, this will be a snap. I hope a few brave people will join me. Once again, sign up flyers are here in the newsletter and on the web site.

Down the road, pun intended, on April 25 & 26, is the annual Spring Fling, hosted by the Chrysler Performance West Mopar club. They have a class

of trophies for AMC, but it looks weak when few AMC cars show up. We have had 10 cars or more several times in the past, let's try to get as many or more this year.

Anyone up for a long road trip? How about a trip to St. Louis mid-July for the 2009 AMO National Convention? I am going with my AMX as well as Tom Dulaney with his AMX/3 project. I have made the 2004 show in Phoenix, the 2006 show in Dayton, OH, the 2007 show in Denver, and the 2008 show in Kingston, Canada. Start saving now!

Something we're thinking about but no date set yet is the weekly "Cars and Coffee" show in Irvine, with a bar-b-q afterwards at John Caley's house in Mission Viejo.. A date hopefully will be set up in the next few months.

Two other events are in the thinking stages.

One is a big, big bar-b-q and car show—more bar-b-q than car show—no trophies or t-shirts, just lots of good bar-b-q and AMC cars!

The other is the annual Picnic By The Bay Car Show next to the boat marina. All cars park on the grass and it's an great event. I've been there three years in the past. Steve Fox joined me two years ago and would concur with me on the event.

## FREE! FREE! FREE!

I hope that grabbed your attention. The new SoCalAMX.net monthly newsletter has a nominal cost of \$0.00 per issue due to the availability of Internet delivery. If you have problems downloading the newsletter I will make arrangements with you to send a copy via the United States Post Office, for a small fee to cover postage.

The newsletter is published in the Adobe .pdf format because it can be viewed across all computer platforms such as Windows, Mac, and Linux. You can always download the most current version of Adobe Reader (ver. 9 currently) at their web site (adobe.com). Sometimes, if you're having a problem viewing a .pdf document, installing a fresh copy of Adobe will cure your problem. Adobe's new ver. 9 Reader seems to load much faster than past versions, but be informed the download is about 33 meggy bites!.

The newsletter is available for downloading at [www.socalamx.net/newsletter](http://www.socalamx.net/newsletter). All back issues will be available as they are published monthly. If you have received a notice for this newsletter and wish to be taken off simply email me at [markmel@socalamx.net](mailto:markmel@socalamx.net) and I'll get you off the list promptly.

Just think how busy I'll be if articles are submitted to me, by you, members of SoCalAMX? Send all submissions, pictures and text, to [markmel@socalamx.net](mailto:markmel@socalamx.net) and I'll do my best with them. The deadline for the following month's newsletter is the 15th of the current month.

# A sports car for the price of a sporty car.

The 1970 AMX is the only American sports car that costs less than \$4,000.

It lists for \$3,395<sup>1</sup>, which puts it into the same price category as a loaded Mustang or Camaro.

But there is where the similarity begins and ends.

For the AMX is a legitimate two-seater sports car. Not because we say it is, but because that's the way we built it.

Our 360 cu. in. V-8 engine isn't optional. It's standard.

You don't pay extra for contoured high-back bucket seats with integral head restraints.

Or mag style wheels.

And an all-synchromesh 4-on-the-floor with Hurst shifter, dual exhausts,

fiberglass belted Polyglas™ tires, heavy duty shocks and springs, rear torque links, a 140 m.p.h. speedometer and a big tach aren't part of a long list of available options.

They're part of a long list of standard equipment.

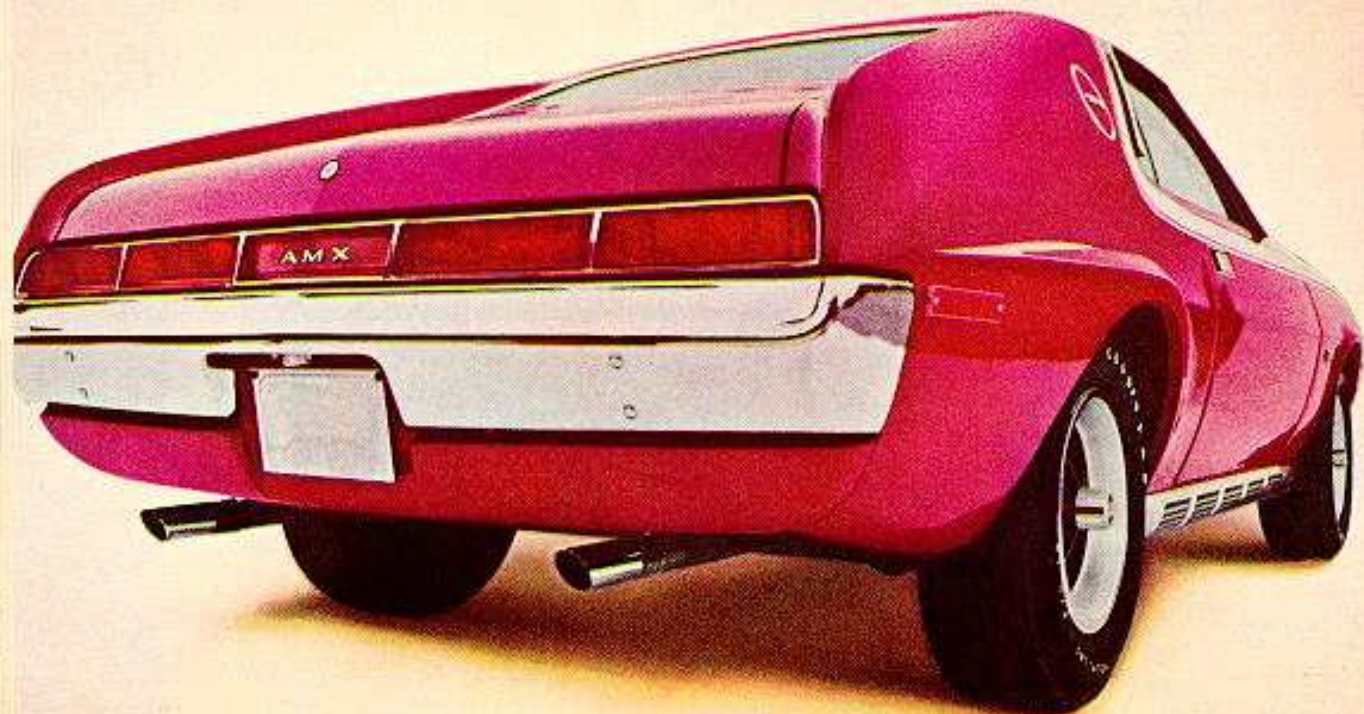

Sure, the AMX offers a larger engine and other performance options.

But you don't need them to make the AMX a sports car.

You've got that to begin with.
